As part of the continued curriculum redesign, the ILC has updated their assessment and reporting procedures. In the table below you will find the variety of ways staff will be communicating student growth, development and performance for the 2020-2021 school year. While we have set aside specific dates to meet with students and families/caregivers, we continue to welcome families/caregivers to drop by the school or call to connect as needed throughout the school year. We will also continue the practice of meeting with students regularly throughout the school year to discuss their progress in courses, update graduation plans, and develop and set goals. If you have any questions about the reporting process please do not hesitate to contact the ILC.
